### About Us

Nowadays, when everything is getting digitalized, why should newspapers hold themselves back? Every newspaper provides you with the same information as the other newspapers in the market, but what separates it from the rest is the way it presents you that information, the pricing, and maybe the language.

current issue that broadcasters feel warrants the interruption of scheduled programming or current news in order to report its details. A free online resource for journalists, would-be journalists, educators and people interested in the media. It is a simple, clear, unbiased guide to the principles and practice of ethical journalism.

News is important for a number of reasons within a society. Mainly to inform the public about events that are around them and may affect them. Often news is for entertainment purposes too; to provide a distraction of
